### The Toilers in Our Factories.

No workmen in the world can do so much use the same intelligence that our own nerican work-men and women are capa-ble of. That is why

brain and muscle of our Y ankee men and Women,
Unfortunately where there is smoke, dirt and dust and little sunlight there also can be found the germs of disease. Nature's great disinfectant is sunlight. It is in the factory, the work shop, the office, that men and women suffer from diseases which are in the dust and the bad air. Such disease germs enter into the blood in two ways, either through the lungs or stomach.

After years of experience in an active practice, Dr. R. V. Pierce, of Buffalo, N. Y., discovered a remedy that is a blood-maker and tissue-builder, at the same time alleviates a cough. He called it Dr. Pierce's Golden Medical Discovery—an alterative extract that assists in the digestion and assimilation of the food—so that the blood gets its elements from the products of digestion, the liver at the same time is started into activity and there is perfect elimination of waste matter. The germs of grip, malaria, catarry or consumption find a fertile field if the

there is perfect climination of waste matter. The germs of grip, malaria, catarrh or consumption find a fertile field if the body is not kept in perfect order and the blood pure.

Because the stomach is diseased there is a diminution of the red corpuscles of the blood. This is why one is sleepleas, languid, nervous and irritable. Sensitive stomachs groan aloud at the irritating cod liver oils, but they will get all the food elements the tissues require by using the "Golden Medical Discovery."

The "Discovery" is absolutely a non-alcoholic and non-narcotic medicine. There is nothing else "just as good."

Dr. Pierce's Fleasant Pellets, the best laxative for old and young people. They cure constipation and biliousness.
